

Acme Corp. — Annual Financial Report 2024

This report summarises Acme Corp.'s financial performance for the fiscal year 2024. Total revenue reached **USD 102 million**, up 16% year-over-year from USD 88 million in 2023. Gross margin improved by 2.4 percentage points to 61.8%, driven primarily by a richer enterprise software mix and a one-time contract with Globex Corporation.

Revenue trend

Operating expenses grew 9% to USD 41 million, with research and development representing the largest line item at USD 18 million. Sales and marketing totaled USD 14 million, and general & administrative expenses were USD 9 million. The company ended the year with USD 27 million in cash and equivalents.

Segment breakdown

The following table shows the revenue contribution by segment for the last three fiscal years. The Enterprise SaaS segment has overtaken Professional Services as the largest contributor since 2023.

Segment	2022 (USD m)	2023 (USD m)	2024 (USD m)
Enterprise SaaS	29.4	41.0	52.7
Professional Services	21.6	26.3	28.5
Hardware	10.5	13.1	14.2
Training	5.5	7.6	6.6
Total	67.0	88.0	102.0

Outlook for 2025: management expects revenue between USD 118 and 124 million with gross margin holding in the 60-62% range. Capital expenditures are projected at USD 8 million, primarily for datacenter expansion in the EMEA region.
